adverting to paragraph 2 of Board's Reference No. 134 G/08, dated 6th February 1908, I have the honour to state that in paragraph 2 of the written statement filed in Court in 1905 it was stated that "there was sufficient supply of water for the plaintiff's lands". This amendment appears to have been made as the plaintiff's lands were only 9 acres 18 cents in extent and as it was considered that the supply available by the turn system referred to in the Tahsildar's order was sufficient for this small extent.

In a suit against Govt. regarding a water dispute, tried by the Dt. Munsiff of Periyakulam, para 2 of G.O. 758 I / 23-8-05 directed that the written statement should be

W

amended by (1) traversing the plaintiffs allegation that the water supply was insufficient and (2) adding that even if the supply was insufficient it was all that could be allowed having regard to the claims of others. The orig^l suit and the subsequent appeal were decided against Govt. & it was discovered that the written statement was not amended as directed by Govt. The Colb's explanation shows that the amendment No. 1 above indicated was carried out and that No. 2 was not made because it was then (1905) considered that the water-supply was sufficient. The Courts have since found that the supply is insufficient: and this contingency w^d have been provided against if amendment No. 2 had also been made. The draft G.O. prepared in P.W.D. (I) may be approved in Rev.
